INTRODUCTION

This is a working bibliography because the Robert Tressell Family Papers grow week by week. RTFP contains the originals of most of the items listed here and a copies of most of the originals held elsewhere. This list includes only a few website entries, but if you type Tressell into an internet search engine you will find thousands. The custodian is happy to receive new material and is keen to track down items that he has not yet located (NYL.). Any additions and corrections to this list should be sent to:
